

15CSE401- MACHINE LEARNING AND DATA MINING ENDSEM EVALUATION

	Offline Exam (Marks: 100, Weightage - 50)						
Part Name	Course objectives	BTL Level	DL	No of questions * Marks	Marks	Weightage	Resource
A	Co1- Understand the fundamental concepts of Data mining and basic theory underlying Machine learning.	L2	1	5*2	10	0.1	Chapter 13
A	Co2- Understand the types of the data to be mined and apply pre-processing methods.	L3	2	5*2	10	0.1	Chapter 2, 3
B	CO 3- Apply appropriate classification and clustering techniques for real word applications	L3	2,3	3*10	30	0.3	Chapters 10 ,8.6.4 ,13.3.5, Text Mining
B	Co4- Analyze the performance of various classifiers and clusters techniques	L4	2,3	3*10	30	0.3	Chapters 10.6 , 8.6.1,8.6.2,8.6.3

15CSE401- MACHINE LEARNING AND DATA MINING ENDSEM EVALUATION

B	Co5-Apply and evaluate the interesting patterns discovered from association mining	L4	2,3	2*10	20	0.2	Chapter 6
